SECTION A.2: Introduction to the Home Visit

[IF PARTICIPANT INITIALLY ANSWERED THE PHONE]

My name is [INTERVIEWER NAME]. When we spoke with you last on [DATE], you agreed to participate in the next phase of this study. I am calling to schedule your appointment for the home visit.

A.2a. Are you in a place where you can safely talk on the phone?
YES..... 1 [GO TO CONTINUE FOR ALL PARTICIPANTS]
NO..... 2

I will attempt to contact you again soon. Thank you for your time.

[IF PARTICIPANT DID NOT INITIALLY ANSWER THE PHONE]

My name is [INTERVIEWER NAME] and I am with the Gulf Long-term Follow-up Study (GuLF STUDY). When we spoke with you last on [DATE], you agreed to participate in the next phase of this study. I am calling to schedule your appointment for the home visit.

A.2b. Are you in a place where you can safely talk on the phone?
YES..... 1 [GO TO CONTINUE FOR ALL PARTICIPANTS]
NO..... 2

I will attempt to contact you again soon. Thank you for your time.

[CONTINUE FOR ALL PARTICIPANTS]

During the visit, you'll be asked to:

- have your blood pressure, height, weight, hips, and waist measured
- blow into a machine to measure your lung function. If you are using an inhaler because of a lung condition, we ask that you not use the inhaler on the day of your home visit prior to the lung function test, if you are able to go without using the inhaler for a short period of time
- have a blood sample drawn and provide samples of urine, hair, and toenails
- complete a one-hour interview
- and allow our staff to collect a dust sample from your home

The visit will take place in your home and last about two and a half hours. You'll receive a \$50 gift card for completing the home visit.

Also, if you complete the home visit, you will be entered into a drawing for a chance to win a \$500 gift card. This drawing will be held after every 5,000th participant completes the home visit. Your odds of winning are about 1 in 1650. There is no cost associated with entering the drawing or accepting the prize.

[IF PARTICIPANT SELECTED FOR EXPOSURE MONITORING ADDENDUM]

You are also invited to complete additional study procedures to monitor current potential exposures to chemicals in the environment. Let me tell you a little more information so you can decide if you would like to complete the extra procedures.

[IF PARTICIPANT SELECTED FOR ADDITIONAL BLOOD SAMPLES ONLY]

Participation in this part of the study involves providing about 1 tablespoon of additional blood and answering some questions about your home, work, and lifestyle. You will receive an additional \$10 gift card for the extra blood. You will be sent a confidential report of your blood chemical results at the conclusion of the study. Are you willing to complete these procedures?

[IF PARTICIPANT SELECTED FOR BLOOD AND PERSONAL AIR MONITOR]

Participation in this part of the study involves providing about 1 tablespoon of additional blood and answering some questions about your home, work, and lifestyle. We would also like for you to wear a small monitor for one day to monitor your exposure to environmental chemicals during the course of a normal day. We will send the monitor to you before your visit and give you instructions about when and how to wear it. You will receive an additional \$30 gift card for completing these procedures. You will also be sent a confidential report of your blood chemical results at the conclusion of the study. Are you willing to complete these procedures? [Note to HVA: If the participant agrees, schedule the home visit at least two weeks from today to allow time for the monitor and instructions to be mailed out.]

Great! Thank you. Before the visit we will mail you a package that includes the following items:

- A list of frequently asked questions with answers
- An Informed Consent packet, which is a document that explains the details of the GuLF STUDY and explains what you can expect during the home visit
- A shorter summary page that gives you a quick overview of the Informed Consent packet
- A urine collection container with urine collection instructions

The package will also contain instructions so you can prepare for the visit. When you get the package, please open it and read the information provided [INTERVIEWER: IF THE PARTICIPANT TELLS YOU THAT HE/SHE CANNOT READ, SAY: That is ok. When the package arrives, give me a call and I will talk you through it. My number is [INTERVIEWER'S PHONE NUMBER].

Please try not to eat or drink anything for eight hours before the visit. If you are diabetic, you should remember to take your medicines and you should eat a light meal or snack, as needed. Also, collect all of your current prescription and over-the-counter medications so that we can note them during the home visit. A urine collection container will be enclosed in the packet we send and it is important that you collect your first urine of the day on the day of the appointment. Please call us if you have any questions or concerns about the information that you receive, or if you do not receive any materials within the next few days.

A4. Do you have any questions?

[IF YES, RESPOND TO CONCERNS BASED ON INFORMATION IN THE FAQ]

I will give you a reminder call before the scheduled visit to confirm that the time still works for you.

But if you have any questions before then or if something comes up and you need to reschedule the visit, please call the study toll-free phone number at 855 NIH GuLF (855

644 4853) between the hours of [9 AM and 9 PM] and Sunday between the hours of [12pm and 6pm] [CALL CENTER HOURS PRESENTED IN LOCAL TIME].

SECTION O: Physical Activity

READ: I am going to ask you about the time you spent being physically active in the last 7 days. Please answer each question even if you do not consider yourself to be an active person. Think about the activities you do at work, as part of your house and yard work, to get from place to place, and in your spare time for recreation, exercise or sport.

READ: Now, think about all the *vigorous* activities which take *hard physical effort* that you did in the last 7 days. Vigorous activities make you breathe much harder than normal and may include heavy lifting, digging, aerobics, or fast bicycling. Think only about those physical activities that you did for at least 10 minutes at a time.

- O1. During the **last 7 days**, on how many days did you do **vigorous** physical activities?
_____ Days per week
Don't Know/Not Sure.....8
Refused.....9

[Interviewer clarification: Think only about those physical activities that you do for at least 10 minutes at a time.]

[Interviewer note: If participant answers zero, refuses or does not know, skip to Question O3]

- O2. How much time did you usually spend doing **vigorous** physical activities on one of those days?
O2.a. ___ ___ ___ Units
O2.b. ___ 1 Hours [SKIP TO O3]
 ___ 2 Minutes
Don't Know/Not Sure.....9998
Refused.....9999

[Interviewer clarification: Think only about those physical activities you do for at least 10 minutes at a time.]

[Interviewer probe: An average time for one of the days on which you do vigorous activity is being sought. If the participant can't answer because the pattern of time spent varies widely from day to day, ask: "How much time in total would you spend **over the last 7 days** doing vigorous physical activities?"

- O2.1.a. ___ ___ ___ Units
O2.1.b. ___ 1 Hours
 ___ 2 Minutes

Don't Know/Not Sure.....9998
Refused.....9999

READ: Now think about activities which take *moderate physical effort* that you did in the last 7 days. Moderate physical activities make you breathe somewhat harder than normal and may include carrying light loads, bicycling at a regular pace, recreational fishing or hunting. Do not include walking. Again, think about only those physical activities that you did for at least 10 minutes at a time.

- O3. During the **last 7 days**, on how many days did you do **moderate** physical activities?
____ Days per week
Don't Know/Not Sure.....8
